The screenshot displays the ArcGIS interface. On the left, a tree view titled 'Jobs' shows a hierarchy of folders and queries, including 'Public Queries', 'As-built Job Queries', 'General Job Queries', 'Group Queries', 'Personal Queries', 'POI and AOI Update Queries', 'Route Update Queries', 'Work Order Job Queries', 'User Queries', and 'Searches'. On the right, a 'Job Query Results - List View' table is shown with two columns: 'Job ID' and 'Name'. The table contains 14 rows of data, with the first row highlighted in blue. Below the table, there are 'List' and 'Map' buttons, and a 'Job Properties' section is partially visible at the bottom.
