The image shows a screenshot of a Mac desktop with the Memory Clean application open. The application window displays memory statistics and a progress bar. The left window shows 88.13 MB of free memory available, while the right window shows 1.84 GB of free memory available. A curved arrow points from the left window to the right window, indicating the result of using the software. The text "Free up tons of memory with just one click!" is positioned between the two windows. Below the windows, the text "Perfect for using after closing RAM intensive applications" and "QUICKLY CLEAN MEMORY" are displayed.
